

Private Health Fund Guide

Welcome to Massage & Myotherapy Australia

Health Funds Information

This guide contains everything you need to know about Private Health Funds and Provider numbers. It is in an electronic format so that you can:

- Download the information you need as you need it, and
- It can be regularly updated with current information.

Your Provider Number

As the company name is still the Australian Association of Massage Therapists Ltd, you continue to use AAMT12345 (*your member number*) as your Provider Number if the Health Fund has not issued you with a unique Provider Number.

Health Funds Terms and Conditions

Private Health Fund Guide

Health Fund Provider Information – Eligibility

When you joined the Association you signed an agreement to keep your First Aid and Insurance up-to-date, earn CPE points and to forward these details to us (30 points for Massage Therapists, 40 for Remedial Massage Therapists and 50 for Advanced Members must be current at all times). The Association lists all of these details on the *eNews* and *Membership Spotlight* emails sent every month and on Annual Membership Renewal Notices, including Membership Renewal Date. If we do not receive these details, or they are not kept up to date, your details cannot be administered to the private health funds.

The following categories outline Membership Grade and eligibility for Approved Provider Status with private health funds. If you meet the criteria set in the membership type (Are You A...?) and requirements (Do You Hold...?) columns then you are eligible for administration for Approved Provider Status with the private health funds listed in the Eligible Health Funds column. When you joined, you also agreed to abide by the private health funds' Terms and Conditions.

NOTE: The private health funds have discretion regarding approval for Approved Provider Status and have the right of refusal.

ARE YOU A ...?	DO YOU HOLD ...?	ELIGIBLE HEALTH FUNDS
Remedial Massage Therapist	• Diploma of Remedial Massage Therapy (HLT50302 / HLT50307 / HLT52015 / HLT52021) ONLY. • Assessed qualifications on health fund lists prior to 1 July 2009 • Does the Association have: – a copy of up-to-date First Aid (HLTAID011) – a copy of up-to-date Certificate of Currency (insurance), Professional indemnity, malpractice (a minimum of \$2 million) and Public and Product Liability (a minimum of \$20 million)? – accurate details of clinic address/es? • Are you a current financial member of the Association? • Do you have CPE Points? (40 points current)	• Australian Health Management (ahm) • Australian Regional Health Group (ARHG) • Australian Unity • Bupa Australia Health • CBHS Health Fund Limited (Commonwealth Bank) • HCF • Medibank • nib • The Doctors' Health Fund NOTE: Diploma must have been studied on-campus, 12 months full-time/18 months part-time. (50 points current)	• Australian Health Management (ahm) • Australian Regional Health Group (ARHG) • Australian Unity • Bupa Australia Health • CBHS Health Fund Limited (Commonwealth Bank) • HCF • Medibank • nib • The Doctors' Health Fund

Important Health Fund Provider Information

Following the introduction of the Private Health Insurance (Accreditation) Rules 2011 (reviewed in 2019), [refer to this link](#), massage therapists must be a member of an accredited association, in order to gain Approved Provider Status with the private health funds. The Association has gained accreditation with various health funds which allows our eligible members to be registered automatically as a provider. We forward eligible members details to the health funds listed on a regular basis.

Therefore, it can take up to 4-6 weeks for all details to become live at all of the individual private health funds.

Please read the important information below to see how to qualify and remain on private health funds lists.

To qualify and remain on the health funds lists sent by the association, it is a requirement that you:

1. Meet the minimum level of membership type/qualification accepted by the individual health funds
2. Are a financial member of the Association
3. Ensure the Association has a **current** copy of your Certificate of Currency for Professional Indemnity, malpractice (a minimum of \$2 million) and Public and Product Liability (a minimum of \$20 million)
4. Ensure the Association has a **current** copy of your First Aid certificate (HLTAID011)
5. Have recorded your required Continuing Professional Education points.
 - Massage Therapists 30 points
 - Remedial Massage Therapists 40 points
 - Advanced Members 50 points (current at all times)
6. If audited by the Association or a private health fund, you must have successfully completed the audit requirements to remain eligible.
7. Agreement to abide by the Constitution, Code of Ethics, Standards & National Code of Conduct, Policies and Guidelines (updated each year via the Members Only area of the website).
8. Agree to abide by the individual private health funds Terms and Conditions for Recognised Providers.

NOTE: you must provide the Association with all clinic details including address/es (must be a physical address, **not a PO Box**) and phone number.

Education criteria

Minimum Education Requirements for the private health funds:

- Minimum Education Requirements means HLT50307 Diploma of Remedial Massage (or later equivalents) in which the course duration is at a minimum of 12 months for full-time students or 18 months part-time students and that requires a minimum of 20% of the course to contain clinic training to be conducted on-campus, supervised by a trainer with the appropriate qualifications. Also, the following practical components which require skills-based knowledge should also be delivered on-campus – surface anatomy, palpation, clinical techniques and other associated therapeutics & techniques.
- Members who hold the HLT50307 must supply a letter from their college indicating the above in order to be eligible for administration to the private health funds (please note: we just administer members' details to the funds, it is up to the Health Funds to accept them). Members who hold the HLT52015 or HLT52021 must supply an academic transcript (certified).

Receipt requirements

Hand written receipts are not accepted by private health funds. Receipts must include the following details:

Full name of therapist	Patient's full name
AAMT member number	Date of treatment
Provider number (when issued)	Type of therapy e.g. Remedial Massage, Massage therapy, Myotherapy
Practice address (cannot be a PO Box)	Type of treatment e.g. initial or standard consultation
Practice telephone number	Cost for treatment
Business and Trading names and ABN (where applicable)	

Subsequent duplicate accounts must be endorsed 'duplicate copy'.

See the sample receipts on page 7.

Key points to remember

- The services provided must be itemised accurately (e.g. type of treatment, therapist's name, patient's name, etc).
- **Your Provider Number is not transferable to another person** (i.e. Locum, colleague or employee) or where applicable, another practice location. This is fraud.
Your Provider Number is your responsibility.
- HICAPS Item Numbers and Descriptions:
105 Initial Consultation, 205 Standard Consultation
- HICAPS Item Numbers and Descriptions for Medibank are:
105 Initial Consult (30-60mins), 205 Std Consult (up to 30 mins)
- There can be only one original account/receipt. All duplicated accounts/receipts must be endorsed as 'duplicate'.
- These item numbers are the same for remedial massage and myotherapy treatments
- **Please ensure that we have your current details at all times!**
Failure to do so will result in the Association not being able to confirm your current details to the health funds and non-current or non-compliant members will be removed from health fund lists.
- Services paid for by a third party such as a **gift card are not eligible for rebate.**
- **NOTE: Pre-signed receipts are not acceptable.**

Although every effort is made, the Association cannot guarantee that all members will be accepted by the individual health funds as a provider. Members must agree to abide by conditions of individual health funds. Health funds will not provide a rebate if your patient is a family member.

Private Health Fund Guide

Health Funds

Administration

If you do not maintain compliance requirements and keep the Association well informed you will be removed from all lists until you provide evidence to the Association. Members receive this information on their renewal statement and via the *eNews* and *Membership Spotlight* emails, therefore it is imperative that members note when they are due to become non-compliant.

- If you are currently recognised, then become non-compliant, reinstatement to a fund will take place at the next accepted data upload to the health fund: this could take up to 4-6 weeks to process. If you are a new member, you can also expect a delay of up to 4-6 weeks, depending on the health fund's agreed reporting cycle and whether you have provided everything to complete the membership process.

Working with the Association

Massage & Myotherapy Australia proactively works with all of the individual private health funds to resolve issues that arise. In the interim if you are experiencing issues please email: info@massagemyotherapy.com.au with details, ensuring you include your **Member Number and name**.

Health Fund Information – FAQs

How long does it take for details to get to the health funds?

It can take up to 4-6 weeks after we receive any updated details for them to reach the individual health funds. However, it can take up to two weeks for the individual health funds to process the details and to issue Provider Numbers.

How do I get my Provider Number?

Other than when you use your Association Member Number, Provider Numbers are issued by the health funds. Being a provider is a contract between you and the individual health funds for each clinic address. However, Bupa, Medibank and ahm send unique provider numbers to us and we then forward them to members via email.

Why haven't my details been forwarded to the health funds?

- Are your First Aid, Insurance, CPE and Membership details up to date? If they have expired, and we do not have the updated information, your details will not be forwarded to the health funds
- Did you tick the Privacy Box on your Membership Application Form or online? i.e. I do not want my details to be forwarded to health funds.
- The scheduled list for that particular health fund has not been sent or processed as yet.

When I change clinic address, how long before my details are forwarded to the health funds?

It is the same as when you first join the Association: it can take up to 4-6 weeks depending on what time of the month you notified us of your change of address details.

Clinic addresses

A clinic address must be a physical address, and must include a contact telephone number. PO Boxes are not acceptable.

Members can register up to four clinic addresses at a time. Remedial Members are eligible for up to three active Medibank Provider Numbers at a time, which are nominated by the member. Advanced Members are eligible for four Medibank Provider Numbers.

In summary

To be eligible to remain on health fund lists you must be a financial member, the Association must have a copy of all documents and details for criteria. Approved Provider Status is a contract between you and the health fund, the Association advises currency of eligibility to the criteria for each health fund.

NOTE: Approved Provider Status is at the discretion of the individual private health funds.

Why can't I use a PO Box address?

Health funds work on street addresses and do not accept PO Boxes or 'Mobile Service' as addresses. This is to minimise the incidence of fraud. Therefore, we do not list PO Box addresses or 'Mobile Service' for Clinic addresses.

Why aren't I eligible for provider status with certain health funds?

Certain health funds do not accept all massage therapy qualifications. All health funds accept the current Diploma of Remedial Massage Therapy (HLT50302/07 or HLT52015/21), however, with the introduction of new health fund legislation many health funds will not accept anything other than the current Diploma. There are two health funds that accept Certificate IV in Massage Therapy Practice (HLT40302/07/12/15/21) (ARHG and CBHS).

Do health funds backdate?

Most private health funds will backdate to the day your clinic details are entered into our system. Medibank will backdate to the date they receive your data from us (1st and 3rd Monday of every month).

I faxed or emailed my updated Insurance and First Aid and it hasn't been updated, why?

Updated information is entered into the database generally within 48 hours of receipt. If it has not been entered, the fax or email was not received.

Issues with HICAPS or HealthPoint?

Please call them directly.

Private Health Fund Guide

Eligible members are automatically registered via the Association

(Details are updated regularly from our records)

Details about Provider Numbers with individual Health Funds are indicated in RED.

The dates when your details are administered to the individual Health Funds are indicated in BLUE.

For online claims you may need to call nib for your Provider Number. » Administered 1st and 15th of the month.

IMPORTANT: If you do not want to be listed on the search facilities of the participating health funds websites please contact our office via email: info@massagemyotherapy.com.au or login and update.

HICAPS: the Association does not have any affiliation with HICAPS nor do we forward member details to HICAPS. Please contact HICAPS directly on 1800 805 780 or visit www.hicaps.com.au. For HICAPS you need to obtain a Medibank number (from Medibank) or if you are not eligible for Medibank, you need to obtain a HICAPS generated number directly from HICAPS and request that the number be loaded to the terminal. (Have the terminal ID etc from your machine ready.) HICAPS will then send the details to all health funds. Some health funds (including nib) need you to call them to activate this. HCF will attempt to link your clinic from the HICAPS list, however, if you are still experiencing issues you can call HCF directly.

Transport Accident Commission (TAC) – Please contact them directly.

WorkSafe – please contact WorkSafe in your state or Territory.
